

Grapevine Receives Prestigious Governor's Community Achievement Award

The City of Grapevine received a prestigious state environmental award—one of the most celebrated annual environmental and community improvement awards in Texas. Keep Texas Beautiful announced Grapevine as one of nine winners of the 2009 Governor's Community Achievement Award for outstanding community improvement.

The awards are presented in nine population categories to communities that have the best grassroots environmental programs in the state. The efforts of the communities to involve citizens, businesses, schools, local government and youth to keep their city, county, or region beautiful will earn them a share of \$1 million in money designated for landscaping along state-maintained highways from Texas Department of Transportation. Grapevine will receive \$130,000 during the 42nd Annual Keep Texas Beautiful Conference in Houston on June 11th.

Winners were chosen based on their achievements in seven environ-

2010 Census

The Census Bureau is sending address canvassers out into neighborhoods in Grapevine to prepare for the 2010 Census. This workforce will drive or walk through neighborhoods to check that all addresses are in the database when the questionnaire is delivered in March 2010. This early operation is vital to ensuring an accurate account. If you have questions, please contact your local Census office at 682-432-1420.

City Now Managing Rockledge Park

On April 20, 2009, the City of Grapevine took over management of Rockledge Park from the U.S. Army Corps of Engineers. Because of decreased federal budgets, the Corps has been subleasing properties to local government entities to maintain.

Grapevine's City Council had one caveat in supporting the City's management of Rockledge: It could not impact property taxes. Consequently, the only way to care for Rockledge without raising property taxes is to generate revenue through entrance fees, pavilion reservations, and retail items at the gatehouse.

All revenue generated at Rockledge must be spent on the Corps property within Grapevine—that revenue cannot be shifted to pay for potholes, maintenance, or salaries within the City. Rockledge revenues will be used to maintain and improve the current infrastructure, and ultimately to transform the entire park into a family-oriented regional park that is safe, well maintained, and secure. Immediate improvements will be seen in

Keep Grapevine Beautiful (KGVB)

KGVB is currently accepting applications for officer positions. One- and two-year terms are available. Ideal candidates have previous committee and/or board experience, the willingness to keep Grapevine "green and clean," and the ability to manage volunteers. Monthly meetings are on the second Tuesday at 7 pm. For an application, please e-mail mjtellin@grapevinetexas.gov.

KGVB membership is free; you are cordially invited to attend the monthly meeting to see what is going on and to sign up.

Two local eateries have generously offered to contribute a portion of their proceeds each month to KGVB. You can help by visiting Chili's from 5-9 pm on the first Monday evening of

the month, and Jason's Deli from 11 am-1 pm on the first Monday. Jason's requires a coupon you may download at www.kgvb.org.

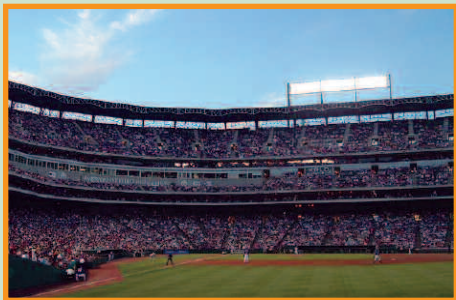

Grapevine has 47 incredible Adopt-an-Area volunteer teams that have selected an area in Grapevine to keep litter free. Teams may be business, church, civic, social, or family groups. Teams agree to visit their area six times a year to tidy up (the City supplies bags and gloves). Adoptable areas include roads, creeks, playgrounds, shorelines, or boat docks. It is an enjoyable and easy way to give back to your community. Please email mjtellin@grapevinetexas.gov for more information. 🍇

Everyday Heroes: Unseen First Responders

Problem solving, handling stressful situations, and deploying multiple public safety operations are all just in a day's work for the City of Grapevine telecommunicator staff. These 911 dispatchers are the first point of contact—known as the unseen first responders. They multi-task under pressure: Answer phones, monitor radio channels, enter and verify information pertaining to warrants, stolen vehicles, missing persons, runaways,

and protective orders. In addition to information verification, they also monitor security cameras for the Police Department lobby and jail, and monitor severe weather activity.

The Grapevine Police Department employs 12 full-time telecommunicators, one part-time telecommunicator, and three supervisors to dispatch police, fire, and medical services for the City. Two telecommunicators minimum are currently assigned to each of the three daily shifts. 🍇

Save Water...Nothing Can Replace it!

Tips for Saving Water on the Lawn

Give the sprinkler a rest. Texans tend to water lawns too often and too long. Leave your lawn alone once in a while and it will do fine.

Do not water between 10 am and 6 pm. It is prohibited by City Ordinance. Up to 30 percent of the water sprayed on lawns during the heat of the day can be lost to evaporation.

Inch toward conservation. Apply just an inch of water to your lawn once a week during the summer to encourage deeper root systems and make for healthier grass.

Cycle and soak to avoid runoff. It takes a while for water to soak into

North Texas clay soils. Rather than running spray heads for long periods of time, try running zones in shorter bursts, with one hour between cycles to give the water time to soak in instead of running off.

Be sensitive—use rain and freeze sensors. Sensors/smart controllers trigger automatic sprinkler systems to shut off during downpours or when temperatures dip near freezing. They can reduce outdoor water use by five to ten percent. Grapevine residents may receive a free sensor at the Service Center (501 Shadybrook) by showing proof of residency (utility bill or drivers license).

Turn your system off after a good rain. Why duplicate what Mother Nature just provided for free? Even better—put your sprinkler system in the manual mode and water only as needed.

Check your irrigation system regularly. Fix leaks or damaged sprinkler heads and make sure they are aimed at the landscape, not the street or sidewalk.

Don't be a scalper. Taller grass holds moisture better and slows down evaporation. Leaving lawn clippings on your lawn does the same and also returns valuable nutrients to the soil. 🍇

It takes about 2,500 gallons to put an inch of water on a 4,000 square-foot yard.

Improved Recycling

The City of Grapevine has partnered with Allied Waste to bring new recycling options to the City.

Allied provides single-stream recycling, which does not necessitate sorting of materials before placing them in an Allied container. Paper, newspaper, magazines, telephone books, junk mail, cardboard and cereal boxes, tin and metal cans, aluminum cans, plastic bottles, and containers labeled numbers 1, 2, 3, 4, 5, and 7, and all colors of glass can be placed in the same recycling container. Allied now has a state-of-the-art sorting facility to separate and process recyclables.

Curbside recycling has been available to residents for a number of years, with each resident being provided 18-gallon blue bins. Commercial single-stream recycling has now been made available to the City.

Allied has also partnered with the Grapevine-Colleyville ISD to bring single-stream recycling to the classroom. They have helped establish Green Teams (students, parents, employees, and community members) at each of the GCISD campuses to facilitate the recycling program and will be providing grants for

Recycling bins are available at the City's Service Center, 501 Shady Brook. Vouchers for lids may be purchased at the Utility Billing counter in City Hall.

school programs geared towards recycling.

In April of this year, Allied provided recycling containers for the City's Municipal Service Center, allowing recycle bins to be available throughout its buildings, offices, and work areas. The City of Grapevine and Allied Waste are working together to promote recycling in every aspect of the community, creating a positive impact for both our City and the environment. 🍇

INTRODUCING TUMBLEBOOKS

TumbleBookLibrary is an online collection of read-along and audio books for emergent, struggling, or advanced readers. TumbleBooks are read-along picture books; TumbleReadables are read-along chapter books, and TumbleTalkingBooks are streaming online audio books. The TumbleBookLibrary provides enrichment to students. The books can be adapted for the needs of the individual reader with variable text size, foreign language options, and multiple reading levels. TumbleBooks have been exceptionally well received by reading specialists, ESL teachers, and special education teachers. Access to these valuable resources is now available directly through the Library website at www.grapevine.lib.tx.us thanks to the generosity of the Grapevine Heritage Lions Club and the Currie Family Foundation. 🍇

Draining Your Pool? Here's What to Do

It's the time of year when many pool owners drain their pools and refill with fresh water. Pool water should be drained to the sanitary sewer system and not to the street where it enters the storm drain system.

Pool water discharged to the storm drain system may contain chlorine, have a low pH due to its acid content, or contain high levels of algae (if the pool has not been maintained). All of these situations can be detrimental to the creeks, ponds, and lakes into which the storm drain system discharges.

For information, please call 817-410-3330. 🍇

grounds maintenance, restroom care, security, and staff presence at the park.

The point where North Shore Trail begins inside Rockledge Park is the city limits line for Grapevine and Flower Mound, so Grapevine will not be maintaining North Shore Trail. Rockledge is not the only access to the trail, so use of the trail is not being prohibited. Improved maintenance on the restroom at the trailhead is long overdue, and will be addressed in the near future. We hope to partner with the Dallas Off Road Bicycle Association and other groups to continue trail maintenance.

Rockledge Park is still a public park—as any state or national park is—but now requires an entrance fee. Entrance fees are also charged at Meadowmere Park, all boat ramps in the City, and The Vineyards Campground & Cabins, which are all Corps of Engineer properties.

The daily entrance fee per vehicle to Rockledge or Meadowmere Park is \$3 on Monday through Thursday; \$5 on Friday, Saturday, and Sunday. Pedestrian or cyclist fee is \$1. Grapevine residents, seniors, handicapped, and active military may obtain an annual pass to access Rockledge and Meadowmere Parks and the City's nine boat ramps for only \$35; non-residents are charged \$75.

Rockledge Park is located across the dam next to the spillway. Summer hours (April 1st through September 30th), are from 7 am until 7 pm, seven days a week. Gates are locked at 8 pm each night. 🍇

The Grapevine PD Can Help You Have a Worry-Free Vacation

The Grapevine Police Department provides vacation checks for residents who are away and need someone to check on their home. Scheduled time is limited to 14 days.

To request a vacation check, please go to www.grapevinetexas.gov, choose Police Department, then click on Reports, Permits and Request, then click on Vacation Request. The completed form should be returned to the Police Department, 307 West Dallas Road, or faxed to 817-410-3207.

In addition to the PD vacation home check, here are more safety tips to help you relax and enjoy your getaway:

- Give the impression someone is home while you are away.
- Place timers on numerous lights throughout your residence.
- The timers should be programmed to turn both on and off at appropriate times.
- Ask a trusted neighbor or friend to watch your home, remove flyers from the door, and ask them to park in your driveway occasionally.
- Make sure all door and window locks are in working order and use them. Secure the garage door by using the garage door side lock, if applicable.
- Arrange for someone to maintain your yard while you are away.
- Turn the ringer on your home telephone off while you are gone.
- Don't leave a message on your home telephone stating you are away.
- Be careful about who you tell of your vacation plans or who may be listening while talking with others.
- Stop your newspaper and mail. You may stop your mail online at www.usps.com, or at your local Post Office. 🍇
